

GG 2000T

TELESCOPIC LOADER

Powered by a Kunming Yunney Power Euro 5 engine with 75 HP, the GG2000TEL can handle the toughest tasks, offering exceptional power and efficiency in any application. The GG2000TEL offers an impressive working range, with a lifting height of 4,5 meters, allowing for precise operation in various working conditions. A nominal speed of 2400 rpm and a maximum speed of 22 km/h make this machine fast and effective, perfect for intense tasks in the field. The bucket breakout force of 60 kN is another asset that ensures excellent performance when working with heavier loads.

With a total weight of 5000 kg and a maximum load capacity of 2000 kg, the GG2000TEL can easily handle various loads. Its bucket capacity of 0.8 m³ makes it an ideal solution for efficient transport and material handling on construction sites, in agriculture, and in industry.

■ Specification

Engine	Yunnei Power Euro 5
Transmission	2-speed variable hydraulic
Cabin	Luxury
Tire	16 / 70-20
Worklight	LED
Total Machine Weight	5000 kg
Power	75 KM
Drive Mode	Full hydraulic four-wheel drive
Steering Wheel	Adjustable
Hour Meter	✓
Rear Camera	✓
Load Capacity	2000 kg

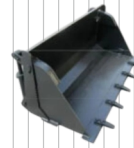

■ Operating Range

Lifting Height	4,5m
Max Bucket Breaking Force, Lifting Cylinder	60 KN
Max Speed	22 km/h
Lifting Time	≤5,0 s
Bucket Capacity	0,8 m ³
Nominal Speed	2400 rpm
Drive	Four-wheel drive
Braking Mode	Hydraulic disc brake with four wheels
Minimum Turning Radius	4600 mm
Minimum Wheel Diameter	310 mm

■ Main Dimensions

Length	5800 mm
Height	2900 mm
Width	2000 mm
Minimum Ground Clearance	350 mm

■ Additional equipment (for reference)

4-in-1 Bucket

Grapple (Crocodile-type)

Pallet Forks

Snow Plow

Bale Grab

Sweeper

Mower

Wood Grab
